On the occasion of World Glaucoma Week, 9th to 14th March 2015, a free glaucoma screening camp was held at HAHC Hospital, Urban & Rural Health Training Centers of Hamdard Institute of Medical Sciences & Research, Jamia Hamdard. The camp was organized by the Department of Ophthalmology along with the Department of Community Medicine.

A total of 379 patients were screened for glaucoma. Those suspected of or diagnosed to be suffering from glaucoma were managed accordingly. They were also advised regarding the importance of regular eye checkups, visual hygiene and other preventive measures to avoid ocular diseases.
